

NATIONAL LIVING DONOR ASSISTANCE CENTER

Call your transplant center professional and tell them you would like to apply for assistance to the National Living Donor Assistance Center (NLDAC).

This program is funded by Grant No. U13H07689 from the Division of Transplantation (DoT), Healthcare Systems Bureau (HSB), Health Resources and Services Administration (HRSA), United States Department of Health and Human Services (HHS) through a cooperative agreement with the University of Michigan (UM) and the American Society of Transplant Surgeons (ASTS). Section 3 of the Organ Donation and Recovery Improvement Act (ODRIA), 42 U.S.C. 274f, establishes the authority and legislative parameters to provide reimbursement for travel and subsistence expenses incurred toward living organ donation.

Travel Assistance

Living Organ Donors

National Living Donor Assistance Center (NLDAC)

Reducing Financial Disincentives to Living Organ Donation

How to Apply

www.livingdonorassistance.org

Support is now available for living organ donors who take trips to the Transplant Center while being evaluated and/or undergoing living organ donation.

What expenses are covered?

NLDAC can pay for 3 trips to the Transplant Center:

- Evaluation
- Surgery
- Medical Follow-up.

Hotel, food, airfare, mileage, parking and other incidental expenses can be reimbursed up to \$6,000 when traveling to the Transplant Center. NLDAC will also pay for the travel expenses of the donor's support person.

How are expenses paid?

Approved donors will receive an American Express card that pays for hotel, food and transportation expenses associated with the living donation process.

Who can receive assistance?

The donor and recipient must be U.S. citizens or lawfully admitted residents and have their primary residence in the U.S. or its territories. Also, the donor and recipient must meet certain income requirements. If the recipient has the ability to pay for the donor travel, NLDAC is not allowed to reimburse those expenses.

If I already had my donor surgery, will NLDAC pay my expenses?

NLDAC does not pay for expenses that have already occurred. Applications must be approved and funded before the donor surgery.

Who can qualify?

Qualification is based on **household incomes** of the recipient and donor. Household incomes should be no greater than 300% of the HHS Federal Poverty Guidelines (FPG). See below. If the income is higher, a waiver for financial hardship may be requested.

300% 2012 HHS FEDERAL POVERTY GUIDELINES (FPG)			
# Person Household	48 Contiguous States and DC	Alaska	Hawaii
1	\$33,510	\$41,910	38,580
2	\$45,390	\$56,760	52,230
3	\$57,270	\$71,610	65,880
4	\$69,150	\$86,460	79,530
5	\$81,030	\$101,310	93,180
6	\$92,910	\$116,160	106,830
7	\$104,790	\$131,010	120,480
8	\$116,670	\$145,860	134,130
Each additional person, add	\$11,880	\$14,850	13,650

How is the household income determined?

The Adjusted Gross Income from a Federal Income Tax Return or the Gross Income from a pay stub can determine the household income. Other income documents may also be considered.

How is the household number determined?

The number of people claimed on the Federal Income Tax Return should be included in the NLDAC application.

Other examples of households are:

1. Spouses living together
2. Parents living with their children
3. A person who lives alone or who lives with others like roommates
4. A person (age 22 years or older) living with family members but lives independently

Who has preference?

NLDAC has four preference categories based on household incomes of the recipient and the donor.

NLDAC PREFERENCE CATEGORY MATRIX

CATEGORY 1	CATEGORY 2
<p>Donor and Recipient income are below 300% Federal Poverty Guidelines (FPG)</p>	<p>Donor income is above and Recipient income is below 300% FPG</p> <p><i>Donor must show Financial Hardship</i></p>
<p>Donor income is above and Recipient's is below 300% FPG. Donor DOES NOT need to show Financial Hardship</p>	<p>Recipient income is above and Donor income may be above/below 300% FPG</p> <p><i>Recipient must show Financial Hardship</i></p>

How do I apply?

The recipient and donor must complete three steps before an application can be submitted:

- 1) Fill out a NLDAC Application Worksheet
- 2) Gather pay stubs, tax return or other document to determine household income
- 3) Give these documents to the transplant coordinator, social worker, financial coordinator or other health care professional at the Transplant Center.

The transplant professional will file the application to NLDAC on behalf of the donor.

Where can I get the Application Worksheet?

On our website at www.livingdonorassistance.org. The Donor and Recipient Application Worksheets are located under the Potential Donor Tab/Application Process. You may also ask your transplant professional for the documents or call NLDAC for assistance.

When should an application be submitted?

Apply early! It is recommend to submit an application at least 6-8 weeks before the surgery or travel. Applications may be submitted before the evaluation trip. If you have additional questions or comments, please feel free to contact the NLDAC staff at 888-870-5002 / 703-414-1600 or send an email to nldac@livingdonorassistance.org.

We are happy to help!
