

2011 ELIGIBILITY SCREENING TOOL

Program eligibility is based on **recipient and donor** household income. NLDAC cannot reimburse donor travel if the recipient can pay for those expenses. The donor's eligibility to receive funding is based on 300% of the HHS Federal Poverty Guidelines (FPG) and the NLDAC Preference Category Matrix (see below). If the recipient's income is above 300% of the FPG, the donor may still be eligible if the recipient can show financial hardship. Income verification documents must be submitted by the **donor and recipient** households and kept on file at the Transplant Center. Documents used to verify income include most recent year tax return, pay stubs, documentation of Medicaid, HUD Section 8, WIC, SSDI, etc. Please contact the NLDAC office if you have questions.
